Got A Feelin

Eva Avila

Oh, ooh, oh
Ooh, oh, oh, oh, oh, ohThis time I really fell in love
This time I really fell for someone new
I thought I gave it all too much
I guess my all was not enough for youI gave the best of me, not a part of it
And my mind and my body and my heart admit
And I knew from the beginning wouldn'a started it
I am so hooked on youI've got a feeling you've got
Got what I'm needing
What you wanna do?
What you gonna do?I've got a feeling you've got
Got what I'm needing
What you wanna do?
What you gonna do with me?I guess I made a big mistake
To think that you would change your ways for me
I thought that you were here to stay stay with me
I thought that you would be my everything
