Time Of Our Lives

Reconnected

[Verse 1]
She's off the wall, wall
This chick is it, she's got it all, all
She's got a job, but she looks hotter on the floor
I could watch her forever but we've only got one nightThe way you dance, dance
Them sexy eyes and model legs, legs
I'm awake but I can't get out of my head
This moment won't last forever
Let's make it last all night, oh[Chorus]
We can have the time of our lives tonight
We can have the time of our lives tonight
And I don't want it to end
DJ run it back again, tonight
She's got a look in her eyes tonight
Saying we can have the time of our lives tonight
And I don't want it to end
Tonights gon' last forever, yeah yeah
People dance, turn the beat up (get it up)
Baby, nobody else got that yes
We'll be having the time of our lives
Let's see them hands get ya hands up get 'em up
Put a drink in your cup, fill it up
We'll be having the time of our lives[Verse 2]
We goin' so damn hard
Throwin' them fists uplike the dancefloor's ours
You can call it explosive, I'll be blowing up the stars
We can do this forever, but we've only got one nightI'm going in, in
Hey where you from girl, where you been, been
I don't know how to start but where do we begin
We can do this forever
But we've only got one night, oh[Chorus]
We can have the time of our lives tonight
We can have the time of our lives tonight
And I don't want it to end
DJ run it back again, tonight
She's got a look in her eyes tonight
Saying we can have the time of our lives tonight
And I don't want it to end
Tonights gon' last forever, yeah yeah

People dance, turn the beat up (get it up)
Baby, nobody else got that yes
We'll be having the time of our lives
Let's see them hands get ya hands up get 'em up
Put a drink in your cup, fill it up
We'll be having the time of our lives[Outro]
Cause the night is young
And we are too something got me sprung
It must be a full moon
And I know we can make it
Together we can make this the greatest
We can make this the greatest
Night of our lives!!!!!!
And I don't want it to end
DJ run it back again tonight
She's got a look in her eyes tonight
Saying we can have the time of our lives tonight
And I don't want it to end tonight
Is gon' last forever
Baby tonight
