

# Ooooh Fashion

## Bratz

You see a sparkle, you spot a twinkle  
When you see glitter, it's my diamonds and pearls  
I like it flashy, I like it classy  
I like my shimmer and to dazzle the worldOoooh fashion, you gotta turn it to the left  
Ooooh fashion, you gotta turn it to the right  
Ooooh fashion  
We're the Bratz and now we're coming to town  
Me and my girls will bring the fashion aroundMy only passion, someone for fashion  
And everything that makes me shine like a star  
My clothes are sparklin', my skin is glowin'  
The stage is glittering when I do my walkOoooh fashion, you gotta turn it to the left  
Ooooh fashion, you gotta turn it to the right  
Ooooh fashion  
We're the Bratz and now we're coming to town  
Me and my girls will bring the fashion aroundTalk to me and speak to me  
Lights on me  
Do the walk with me  
Do the walk with meOoooh fashion, you gotta turn it to the left  
Ooooh fashion, you gotta turn it to the right  
Ooooh fashion  
We're the Bratz and now we're coming to town  
Me and my girls will bring the fashion aroundOoooh fashion, you gotta turn it to the left  
Ooooh fashion, you gotta turn it to the right  
Ooooh fashion  
We're the Bratz and now we're coming to town  
Me and my girls will bring the fashion around
