

# Critical mass

## Dismal Euphony

Your darkness helps me smile  
I'm crawling on the ground for you  
And my skin is still flickering Scavegers sweep the floor for me  
Can't you see that cruelty  
Is a part of me Kill the rabbit  
And give me a bloody smile  
Will you kiss my brand new face?  
The mark of my name  
Can't kill the creeps around my feet
