

Glow

Madcon

My heart, it beats to your song
A melody sent from God
I can't breathe when you're gone
Yes, I'm deeply in love
(Be my valentine) Every single day of my life
(My heart is sacrificed)
Night and day, day and night Today's the day
(Tonight's the night)
I know you feelin' my sound
(I'ma make you clap) 'Cause today's the day
(Tonight's the night)
I'ma lay it down
(I'ma lay it down) I'ma get up so I can't get down
(I'ma)
Hear me roar, hear my thunder sound
(I'ma, I'ma) I'm the lord of the underground
(I'ma, I'ma)
Part of the jungle
(I'ma, I'ma, I'ma, I'ma) Let's glow
(Hands high, hands high)
I can't wait, I can't wait to see ya Glow
(Hands high, hands high)
'Round the world, 'round the world my people Glow, glow
(Hands high, hands high)
I can't wait, I can't wait to see ya Glow
(Hands high, hands high)
'Round the world, 'round the world my people, glow Let us share this moment
Let's enjoy this night
Get the world connected
Though you one of a kind See we try to reach out
Get the world to see
Though we all feel different
You are just like me Today's the day
(Tonight's the night)
I know you feelin' my sound
(I'ma make you clap) 'Cause today's the day
(Tonight's the night)
I'ma lay it down
(I'ma lay it down) I'ma get up so I can't get down

(I'ma)
Hear me roar, hear my thunder sound
(I'ma, I'ma)I'm the lord of the underground
(I'ma, I'ma)
Part of the jungle
