Piece & Chain Swangin'

Dorrough

Piece and chain swangin'
Huh, yeah, Mr. D O double R, Dorrough Music
Piece and piece and chain swangin'
Piece and piece and chain swangin'
Piece, piece, piece and chain swangin'
Piece and chain swangin'
I got my ice game right and all my gold
Got the whole club right and all I know
Is my piece and chain swangin', piece and chain swangin'
Piece and chain swangin', piece and chain swangin'
I got BBSX, watch on freeze
Got the bubba's on deck 'cause all they see
Is my piece and chain swangin', piece and chain swangin'
Piece and chain swangin', piece and chain swangin'
Swangin', swangin', piece and chain swangin'
Icy white diamonds, bezzaltines clangin'
Sets BBS, use to be local like CBS
When I blow my CB, go from HBO to TBS
To BET and MTV, USA and TNT
Catch me live, yeah, catch me live like news at 5 on NBC
I run the world like CNN, off in the hood like UPN
Live like show time for life time, ballin' like ESPN
Yo, my chain outta site, look to hard get blind by the light
Me and my clique be way up thur
Just like stars we shine in the night, shine in the light
Icy so I, look like I'm ballin' oh my, plus I be stuntin' that's why
These hatas hate me 'cause I got one bitch that's on deck
Got two more on my jock, got three chains on my neck
Got four cars on my lot, I see her, she see me, she be like OMG
I be like aye baby, I know you know me 'cause my
Ice game right and all my gold
Got the whole club right and all I know
Is my piece and chain swangin', piece and chain swangin
Piece and chain swangin', piece and chain swangin'
I got BBSX, watch on freeze
Got the bubba's on deck 'cause all they see
Is my piece and chain swangin', piece and chain swangin'
Piece and chain swangin', piece and chain swangin'
They say, Thugga, why the call you the boss?

I say 'cause my piece cost mo' than your hoes
My chain worth more than that new car you bought
Don't be mad at me mayne, it aint' my fault
That your main chick chose, that she sharpa than a rose
But naked no clothes from her head to her toes
It goin' down girls exposed, could it be 'cause I'm famous?
Shit, look by the way my chain swangin', clangin'
Say, when it come to this green I'm fertilized
Girl, you know you heard of my click
Oh, yeah, we certified, watch chain 35, 35 you see that
OPTC, yeah, we that, you a bop, I'ma let you be that
That's right I know you see that
All white diamonds top edition
I got diamonds on my wrist, they ain't dikin'
But the lightin' 'cause a rainbow colorition'
I'm addicted in specific in the moment I go ballistic
If I like it I'ma get it, like it I'ma get it
From the whites to the rain, shinin' so insane
When the light hit that thang is when they know I ain't playin'
So, if you get on your grind instead of hatin' you can get the same
So don't complain 'cause what I'm sayin' is
I got my ice game right and all my gold
Got the whole club right and all I know
Is my piece and chain swangin', piece and chain swangin'
Piece and chain swangin', piece and chain swangin'
I got BBSX, watch on freeze
Got the bubba's on deck 'cause all they see
Is my piece and chain swangin', piece and chain swangin'
Piece and chain swangin', piece and chain swangin'
