

# Unknown Soldier

**Fela Kuti**

Borderline, dead inside  
I don't mind, falling to pieces  
Count me in, violence  
Let's begin, feeding the sickness  
How do I simplify  
Dislocate the enemies on the way Show me what it's like to dream in black and white  
So I can leave this world tonight Full of fear, ever clear  
I'll be here, fighting forever  
Curious, venomous  
You'll find me climbing to heaven  
Never mind, turn back time  
You'll be fine, I will get left behind Show me what it's like to dream in black and white  
So I can leave this world tonight  
Holding on too tight, breathe the breath of life  
So I can leave this world behind It's only hurts just once  
They're only broken bones  
Hide the hate inside So I can leave this world behind Show me what it's like to dream in black and white  
So I can leave this world tonight  
Holding on too tight, breathe the breath of life  
So I can leave this world behind
