Inside to Outside (7" Version)

Limahl

(VERSE 1)
Is it your alluring way?
Could you always drown the fire?
Keep a check on all you feel
Keep a hold on your desire
But I feel theres something new
And its lying in your eyes
Theres a shudder running through...
You... now I realize(CHORUS)
Inside turning to outside
The feeling you cant hide
Is touching a high-light in your eyes
Inside turning to outside
Its gonna be alright
Its runnin a high for you and I(VERSE 2)
Like a shadow of yourself
Like a spirit in the air
Looking desprately for help
Youve been looking everywhere
My heart is beating fast
Blue eyes are locked on mine
A vision flashes past
Moving me in time(REPEAT CHORUS)
Inside turning to outside
The feeling you cant hide
Is touching a high-light in your eyes
Inside turning to outside
Its gonna be alright
Its runnin a high for you and I(MIDDLE)
And we can live in a beautiful world
Hide away under peaceful skies
We can survive on time and a word
Feel the nights passing by...(REPEAT CHORUS)
Inside turning to outside
The feeling you cant hide
Is touching a high-light in your eyes
Inside turning to outside
Its gonna be alright
Its runnin a high for you and I
