DJ Drama

Light skinned, dark skinned, bottom right, top heavy
Jeans fitting right, hair did, shawty you the best
Light skinned, dark skinned, bottom right, top heavy
Jeans fitting right, hair did, shawty you the best You the one girl, you the one girl
Something bout them jeans that you wear
Something bout them jeans that you wear
Yeah you got that body of a Goddess
You don't got no competition you got it
You don't got no competition you got it
When you walk my way
You make me wanna say oh my, oh my, oh my. Light skinned, dark skinned, bottom right, top heavy
Jeans fitting right, hair did, shawty you the best
Light skinned, dark skinned, bottom right, top heavy
Jeans fitting right, hair did, shawty you the best I got one in Miami, she mean with a mouth piece
Like LeBron, I'm taking my talents down the south beach
Pineapple to chase it, go 'head girl just taste it
All we drink is my shit, coco loco wasted
Love that little waist shit, damn them hips just sit out
Now I see who all these hating girls be talkin' shit bout
From the front looking like she got some ass probably
They say that's a sign girl ass-trology
Tight denim with them little rips in 'em
Wait in line jeans, take a minute to get in 'em
BBD say you poison well I want some of that venom girl, girl Light skinned, dark skinned, bottom right, top heavy
Jeans fitting right, hair did, shawty you the best

Jeans fitting right, hair did, shawty you the best Oh, girl your ass is superthick
Lotta chicks off in this club and you the baddest in this bitch
Oh, look at what you wearing girl
The club owner should pay you whenever you make an appearance
And you got me hooked, I might try not to look
But I keep staring
Come out to my city see, I run that bitch like errands oh
Grown as hell I don't care to choose
Who's coming, you, her and you
Roll this up, after you hit it once, you'll need a parachute
To tell the truth I'm a tear the roof
Out that motherfucker nail it too

Loud pipes, hear the coupe, vroom, got stripes like a general
You know I'm tryna get into youLight skinned, dark skinned, bottom right, top heavy
Jeans fitting right, hair did, shawty you the best
Light skinned, dark skinned, bottom right, top heavy

Girl, your booty had me stuck like a drug all night
Damn, girl I really wanna put it on you like a coaster,
Love how you moving over there but I really want you closer
Let get drunk off this Moscato, do it like there's no tomorrow
Wake up and if it's up we'll do it like there's no tomorrow
Jump on it, I want it, he on it, bone it
Whenever she want it
R-O-S-C-O-E, we dismantling every component
Girl you the one, too bad I'm not a jumper?
She love the way the rapper tastes, too bad I'm not a sucker
She call me when she need it
And I'm a come running to feed that appetite I do it anyway she want itLight skinned, dark skinned, bottom
