

Strip Tease

Illegal Substance

"Strip Tease"
Illegal Substance

(Verse 1)

I've been thinking all night
Don't care if it's right
But there is something that I just can't
It's your strip tease
You got me on my knees
Like Demi Moore I'm screaming
Baby would you please

(Chorus)

It's alright tonight
Because I need a strip tease, that's right
So let your body take me, away
Just let your body take me away, away, away

(Verse 2)

Long legs, she ain't shy
She grabbed the stripper pole
Things are getting wild
With her dancing
And romancing
I asked her what's her name
She said Miss Jackson if you're nasty

(Chorus)

(Breakdown)

Got me on my knees
It's been 40 days and 40 nights
All I need is a little strip tease
That's all come on
Baby baby take it off

(Verse 3)

Acrobatic
Stripper magic

The way she swings around the "pole"

Fantastic

Satisfaction

She's so boss

Now baby please, uh

Baby baby take it off

(Chorus)
