Little Faith

Vicci Martinez

You don't talk and you don't give ear
You can't see anything in hereBut I'll be there beside youYou can't stay and you cannot go
Do you have a reason for feeling low?'Cause I'll be there beside you
Always there beside youSo, please won't you have a little faith in me
I'll be here and I'll promise I will never leave
I see you
Believe you
I'll catch you if you fall
So, please have a little faith in meYou don't win and you don't give in
It's only fear that you feel withinBut I'll be there beside youIt's like a storm on an open sea
You're the boat and the sail is meAnd I'll be here beside you
Always here beside youSo, please won't you have a little faith in me
I'll be here and I'll promise I will never leave
I see you
Believe you
I'll catch you if you fall
So, please have a little faith in mePlease won't you have a little faith in me
I'll be here and I'll promise I will never leave
So, please have a little faith in me
I'll spend my time
To help you find
What you've been looking for
So, please have a little faith in meI'll be there beside you
Always there beside you
