Piss U Off

Tiffany

Have you ever been kicked to the curb
When the party finally ends
Just when I thought you left me for dead
You dust me off againMaybe you thought you could throw me away
Like a shoe that doesn't fit
You've created your Frankenstein
And now you've gotta live with itAnd here I am
(going nowhere)
You thought I'd turn and walk away
Guess this ain't your lucky dayToo bad if you think I'm leaving
I'm here to put you through hell
Too bad if you don't believe it
You've done it to yourself
Too bad if you think I'm leaving
Who cares if you hate my dog
Maybe I'll get another
Just to piss you offI don't mind tying up the phone
And sleeping in real late
Haven't you noticed me filling the fridge
With all the food you hateAnd here I am
(going nowhere)You thought I'd turn and walk away
Guess this ain't your lucky dayToo bad if you think I'm leaving
I'm here to put you through hell
Too bad if you don't believe it
You've done it to yourself
Too bad if you think I'm leaving
Who cares if you hate my dog
Lets all curl up together
And stay up all night long
And play my favorite song.Too bad if you think I'm leaving
I'm here to put you through hell
Too bad if you don't believe it
You've done it to yourself
Too bad if you think I'm leaving
Maybe you can pay my bills
I ain't going nowhere
Maybe I never willToo bad if you think I'm leaving
I'm here to put you through hell
Too bad if you don't believe it

You've done it to yourself
Too bad if you think I'm leaving
Who cares if you hate my dog
Maybe I'll get another
Just to piss you off
