

# See That Girl

## The Righteous Brothers

See that girl?  
Look at her good  
That's something you don't  
See every day, now Dig those eyes  
Ain't they a prize?  
They sure can get to you  
And, hey now Look at that crazy smile  
I bet you can't believe  
She was mine for a while  
Ain't she somethin'? See that guy?  
Right by her side  
He's feelin' proud, and  
Don't he show it  
Look and see  
That could have been me  
Would you believe I'd go  
And blow it?  
I let her slip away  
And I tell myself I'm okay  
But it just tears the  
Heart out of me  
When I see that girl  
When I see that girl I let her slip away  
And I tell myself I'm okay  
But it just tears the  
Heart out of me  
When I see that girl  
When I see that girl  
When I see that girl
