

My Kinda Swag

Emmi

[Intro]

You got, my my kind of swag
I dig the design of your soul
You are, my my kind of bag
You got away with it all[Verse 1]
Oh, I hear the voices loud in your head
I bet they say the same that mine did
"You'll never be enough for them", no

[Pre-Chorus]

But what do they know?
You don't got no one to answer to
When all you are and all you do is true
They come and they go
I don't

I see you for more than what
You bought and what you're not and who you knew[Chorus]

You got my, my kinda swag
I dig the design of your soul
You are my, my kinda bag
And you got a way with it all
That I like, the kinda people that you roll with
And I like, the way your door is always open
I like, the way you don't come on strong
But your heart beats hard for the ones you love
I like, I like that

My kinda swag[Verse 2]

You got the stuff that makes a girl walk
Taller than she ever did before
And that's the shit that makes me love you more[Pre-Chorus]

But what do they know?
You don't got no one to answer to
When all you are and all you do is true
They come and they go
I don't

I see you for more than what
You bought and what you're not and who you knew[Chorus]

You got my, my kinda swag
I dig the design of your soul
You are my, my kinda bag

And you got a way with it all
That I like, the kinda people that you roll with
And I like, the way your door is always open
I like, the way you don't come on strong
But your heart beats hard for the ones you love
I like, I like that
My kinda swag[Chorus]
Oh, oh, oh
My kinda swag
Oh, oh, oh
My kinda swag[Chorus repeats]
