

Only You

Caesars

You wanna go out honey Baby, you've got ears just like Dumbo
It's so sweet
And your knees knock together
When your walking down the street Your eyes never look in the same direction
At the same time
I don't think you're the smartest girl on the block
But I don't mind Only you can reach my heart
Only you and no one else
Only you can reach my heart
Only you can reach my heart Every time we go out
People stop and stare and they talk about us
And they don't understand what we got
We got true love, baby We've synchronized
Our heartbeats, yeah
And we got the same size in shoes
Yes, we do Only you can reach my heart
Only you and no one else
Only you can reach my heart
Only you can reach my heart Only you can reach my heart
Only you can reach my heart
Only you can reach my heart
