Needle chill

Sexy Sadie

Elephant's shoes my wickedness,
lipsticks in my bag.
Spending my cash on piercing,
coloured mousy hair.
Laughing with you could be so sweet,
making friends for fun.
I came out of the closed to look for you,
just the night before.
He was a friend of mine.
He made me feel so fine.
Make up your mind to sail.
There's nothing left to say.
I wish you were with me
to feel what I can feel.
Depressing needle chill hurts me, hurts me!
I couldn't reach to kiss you
'cause you were gone so fast.
The very first time I saw you
I fell in love with you.
Dreaming of you I feel good.
I couldn't reach to touch.
Night after night I pictured you
dancing for the crowd.
He was a friend of mine.
He made me feel so fine.
Make up your mind to sail.
There's nothing left to say.
I wish you were with me
to feel what I can feel
Depressing needle chill hurt me, hurt me !
He was a friend of mine.
He made me feel so fine.
Make up your mind to sail.
There's nothing left to say.
I wish you were with me
to feel what I can feel
Depressing needle chill hurt me, hurt me !
Hurt me, hurt me!
Hurt me, hurt me!

Hurt me, hurt me!
Hurt me, hurt me!
Hurt me, hurt me!
Hurt me, hurt me!
Hurt me, hurt me!
Hurt me, hurt me!
