You Will Always Be My Home

Nicky Wire

We will walk together
We will walk together

Yeah you, you will always be my home
Yeah, the people, they don't know
What it means to be alone
Yeah you, you will always be my home
No, the feeling's never gone
It's a part of me that I love

We will walk together
We will never part
We'll tattoo ourselves
And each others hearts
And each others hearts

Yeah you, you will always be my home
Yeah you, you will always be my home
Even when the strength is low
It will never leave me now
Yeah you, you will always be my home
It will never be broken
Solitude has always won

We will walk together
We will never part
We'll tattoo ourselves
And each others hearts
We will walk together
We will never part
We'll tattoo ourselves
And each others hearts
And each others hearts
And each others hearts
And each others hearts
