

We'll Keep Running Forever

[Joshua Radin](#)

You've been gone all day
I wait for you, alone
Writing down the words I say
So I'll be brave when you're home Sometimes it's hard to believe,
in the moments we hardly ever see We try, we may fall but we get up again
And we know that our road gets, better with every bend
So we climb, ever higher
Knowing there's never an end
We'll keep running forever I hear your car outside
Wonder why we're waiting
Too scared to cross the driveway
I come to meet you but its raining So I wait for you to call
'Cos you're the only one who's making me fall We try, we may fall but we get up again
And we know that our road gets, better with every bend
So we climb, ever higher
Knowing there's never an end
We'll keep running forever
Yeah, we'll keep running forever 'Cos we all need somebody, someone who knows
To keep it smooth when its rocky,
the high to our lows
And I think you're that somebody
But I'm scared to let it show 'Cos you're the only one who's making me fall We try, we may fall but we get up
again
And we know that our road gets, better with every bend
So we climb, ever higher
Knowing there's never an end
We'll keep running forever
Yeah, we'll keep running forever I hear your car outside
Wonder why we're waiting
