Scream

Katie Armiger

Guess I didn't know how to take it, that night we had that talk
Found out about my replacement, I just smiled and shook it off
I didn't ask you any questions, didn't beg you to stay
You said you knew that I would understand, then I watched you drive away
When there's just no words to stay

I scream at the top of my lungs
Yeah, I come undone
I crash my broken glass when no one's around
I cry out
In the silence I can't take
To cover up the sound it makes when I let my heart break
I scream, I scream

I always say the right things, at all the right times
I know I'm not the perfect girl, but for some reason I try
To be the one who's smiling and laughing, to make sure everyone's okay
I can push those tears back inside like an actress on the stage
But when the curtains fall away

I scream at the top of my lungs
Yeah, I come undone
I crash my broken glass when no one's around
I cry out In the silence I can take
To cover up the sound it makes when I let my heart break
I scream, I scream

I can't hold it in no more
I don't feel like playing nice
When I feel like getting loud
I just gotta let it out
I just gotta let it out

I scream at the top of my lungs
Yeah, I come undone
I crash like broken glass when no one's around
I cry out
In the silence I can't take
To cover up the sound it makes when I let my heart break
I scream

I scream
I scream
I scream
