

Untouchable

Falco

She's not just another pretty face in a magazine
This girl is real - She's every schoolboy's dream
She fills my fantasies, my eyes and my ears
But every time I try to touch her - She disappears
Oh oh oh oh oh She's untouchable
Oh oh oh oh oh untouchable delight

Oh oh oh oh oh She's untouchable
Oh oh oh oh oh She's outta- sight
In my mind I'm always with her - moans and sighs
I touch her full red lips - her silken thighs
We meet in the city, she begs, "please take me home"
But when I wake up in a cold sweat: I'm all alone
