

Kickstart To Freedom

[Molly Hatchet](#)

Old biker dream rollin' to the rally
In the wind with long legged sally
Smell rice burnin' won't you step aside, yeah
True Americana is the only ride
I wanna live and ride free
Kickstart to freedom, don't tread on me
If I die, I die free, kickstart to freedom
Black leather and chrome wheels
Loud and proud on cold hard steel
I wanna live and ride free
Kickstart to freedom, don't tread on me
If I die, I die free
Kickstart to freedom, don't tread on me
I wanna live and ride free

Kickstart to freedom, don't tread on me
If I die, let me be
Kickstart to freedom, don't tread on me
Raisin' hell all week down at Daytona
See you in sturgis, south of Dakota
I wanna live and ride free
Kickstart to freedom, don't tread on me
If I die, I die free
Kickstart to freedom, don't tread on me
I wanna live and ride free
Kickstart to freedom, don't tread on me
If I die, let me
Kickstart to freedom, don't tread on me
