This Strange Effect

Hooverphonic

You've got this strange effect on me
And I like it
You've got this strange effect on me
And I like itYou make my world seem right
You make my darkness bright, oh yes
You've got this strange effect on me
And I like it
And I like itAnd I like the way you kiss me
Don't know if I should
But this feelin', it's love and I know it
That's why I feel goodYou've got this strange effect on me
And I like it
You've got this strange effect on me
And I like itYou make my world seem right
You make my darkness bright, oh yes
You've got this strange effect on me
And I like it
And I like it
