

# Splish! Splash! Sploo!

## The Irrepressibles

Splish, splash, sploo  
How the rain falls through  
There's an aching pain  
From a darkened room Take my hand  
Take my whole life too  
Oh, 'cause I can't help  
What I do to you Aah, aah, aah You, your game is the same  
As who had the same game too  
Is the same as you Aah, aah, aah And you put it away  
And you put it away  
And you put it off  
And you put it away
