

# The Awareness

## Aureon

[A. The premonition]A STRANGE SENSATION COMES OVER AYREON,  
AS IF SOMETHING MYSTERIOUS IS ABOUT TO OCCUR.[B. Dreamtime (words become a  
song)]SUDDENLY A VISION EMERGES IN AYREON'S EVER-BLACK WORLD  
AND HE FINDS HIMSELF SINGING ABOUT THE HORRID PROJECTIONS  
ETCHED INTO HIS BRAIN.[AYREON:]

    a cry in the silence  
    a shine in the dark  
    like a rising star  
    the dream is coming  
    images of violence a flight through time and pace  
    it's such a lonely place  
    the dream has startedthe smoke is rising  
    the vision's getting clearer  
    and words become a song  
    in the dreamtimeI've lost control  
    marooned and cold  
    I suffer the fears  
    of a future untold  
    I cannot change  
    the shape of things to comethe smoke is rising  
    the vision's getting clearer  
    the hands of time are whirling around  
    I'm realising  
    the future's getting nearer  
and words become a song[C. The awakening]ABRUPTLY THE VISION ENDS AND AYREON RECEDES  
INTO HIS DARKNESS.
