Chastity Brown

i was driving through the mountains of colorado
got a gig to get to, i'll be there tomorrow
ain't slept a wink in three damn nights
thats the way it is when your living this kind of life, you know
i got broken strings on a steel guitar
and i'm banging that thing at a small time bar and goin the light that you see now
is a wrapped up and turned out
it's the one that i will followin the light that you see now
is a wrapped up and turned out
it's the one that i will follow
made all the way down to tennessee
we was running out of gas,
he was running out of steam(you know)
i fell face first right there in the dirt
i was crying like a child but i wasn't really hurt, oh noi was three feet away from the love of my life
i was holding my breath and holding on tight to no-oneand the light that you see now
is a wrapped up and turned out
it's the one that i will followand the light that you see now
is a wrapped up and turned out
it's the one that i will followand the light that you see now
is a wrapped up and turned out
it's the one that i will follow
and the light that you see now
is a wrapped up and turned out
it's the one that i will followi was driving through the mountains of colorado
got a gig to get to, i'll be there tomorrow
