

Silhouette

Birdy

There are shadows in my dreams
Storms that steer me out of reach
And you just wait on my defeat So I built an army underneath
And now they guard me while I sleep
And this worn out frame will carry me Don't go holding your breath
You know that I'm not done yet
There's still a fight in me left
Don't go shouting out loud
That you're claiming the crown
I'm down but not out And the bittersweet
Of every new defeat
Is I'm stronger that before
Maybe on my knees
But I still believe
These broken wings will soar Untie my silhouette
It's all that is left
Of a broken heart
Leave all of my regrets
To sink like ship wrecks
Through oceans dark In the dust I wrote my name
And from the ruins hopes were raised
'Cause all that's lost can be replaced
In time Don't go holding your breath
You know that I'm not done yet
There's still a fight in me left
Don't go shouting out loud
That you're claiming the crown
I'm down but not out And the bittersweet
Of every new defeat
Is I'm stronger that before
Maybe on my knees
But I still believe
These broken wings will soar Untie my silhouette
It's all that is left
Of a broken heart
Leave all of my regrets
To sink like ship wrecks
Through oceans dark Untie my silhouette
It's all that is left

Of a broken heart
Leave all of my regrets
To sink like ship wrecks
Through oceans dark
