# To Be Wanted

## Plug In Stereo

You move your hand across my neck
You trace your hand across my cheek
And all is said, though we never speak
To be Wanted ? To Want
I want to be wanted, to want
I move my hand across your hair
I trace my hand across your lips
And all I need is to be like this
To be wanted, to want
I want to be wanted?to want
Let it be so
Wither thou go

My heart will follow
Just a stone?s throw
Into your soul
Beyond Today .. beyond tomorrow
When Angels dream of the perfect Kiss
They want to be wanted?
To Want
I want to be wanted ?
To Want
? To be wanted ?.
? To Want.
