Tender Moment

Lee Roy Parnell

You walked in and found her with tears in her eyes
She couldn't tell you exactly why
There ain't nothing wrong but there ain't nothing right
Try to figure it out boy, you're wasting your timeAll it takes is a tender moment
A loving word or the touch of your hand
All she needs is a tender moment
Let her know you'll always be her man
That's the kind of thing a woman understandsIt's a fast lane world that we're living in
Sometimes love takes a little test bend
But it don't take much to straighten it out
A little affection's all I'm talking aboutAll it takes is a tender momentA loving word or the touch of your hand
All she needs is a tender moment
Let her know you'll always be her man
That's the kind of thing a woman understandsEveryday she needs to hear you love her so
So take the time to let her knowIt ain't a brand new house, it ain't diamond rings
Big bank accounts don't mean a thing
Still gonna need what money can't buy
Someone to hold her when she needs to cryAll it takes is a tender moment
A loving word or the touch of your hand
All she needs is a tender moment
Let her know you'll always be her man
That's the kind of thing a woman understandsAll it takes is a tender moment
A loving word or the touch of your hand
All she needs is a tender moment
Let her know you'll always be her man
That's the kind of thing a woman understands
