

# Few More Days

Matthew West

There is a longing deep inside my soul  
There is a place my spirit wants to go  
It's far away from all these chains that bind  
There is a world I long to leave behind

So, I wait and wait  
I wait for the moment when you come for me  
And rescue my heart from the pain that it's seen  
Troubles are circling all around me  
And I can't stop thinking

Just a few more days I'll be going home  
Just a few more hours and I'll be flying  
It could be any minute now  
That You take me away  
Or maybe just a few more days  
A few more days

To You a day is like a thousand years  
And only You know when the clouds will clear  
So, let me not forget and fall away  
Because a thousand years could be today

So, I'll wait and I'll wait  
And I'll wait for the moment  
When you come for me  
And rescue my heart from the pain that it's seen  
My troubles are circling all around me  
I've got to remember

Just a few more days I'll be going home  
Just a few more hours and I'll be flying  
It could be any minute now  
That You take me away  
Or maybe just a few more days  
A few more days  
(x2)

To You a day is like a thousand years  
And only You know when the clouds will clear

So, let me not forget and fall away  
Because a thousand years could be today
