Sad But True

Goot

I never thought that i'd see the world like this,
your the one thing that i thought i'd never miss

So tell me princess just where you plan to go,
and when you get there please leave me alone.

Cause i have never been this lost, or betrayed, or forgotten,
i can not see where i went wrong.

So be yourself don't hold back because everybodies helping
you acheive your goal.

Do Do Do Do,
Do Do Do Do,
Do Do Do Doo

Do Do Do Do,
Do Do Do Do,
Do Do Do Doo

I woke up late this cold dark afternoon,
somehow i felt that i'd be losing you.

I never understood where i went wrong,
somehow in my head i know I'm right.

Cause i have never been this lost or betrayed or forgotten,
i cannot see where i went wrong.

So be yourself and dont hold back because everybodies
helping you acheive your goal.

Oh the way that you've found sombody else,
seasons change it sounds cliche but what the hell...

He will never love you like i did, its over now,
your replaceable, i hope you know. x4

Cause i have never been this lost or betrayed or forgotten,

i can not see wehre i went wrong.

So be yourself and dont hold back
because everyones helping you acheive your goal.

Do Do Do Do,Do Do Do Do,Do Do Do Doo
Ya You acheived your goal x2

The end
