Could We

Boyhood

Could we
Take a walk?
Could we
Have a talk alone
In the afternoon?
Could we
Have a seat?
Why, yes, be my guest
You can hold my hand
What a dream
In the grass
We kissed
Fell in love too fast, too soon
Love full bloom
Should we get up?
Let's wake up
Let's get dressed
I'll let you walk me up the street
Back home
Thank you
It was great
Let's make another date
Real soon
In the afternoon
