

# Indian Strings

## Suede

Open up my hearts and see what's inside  
Take a look inside me, inside my mind  
And you'll see my hearts is broken too  
'Cause I've seen the real you  
Images of violence fill up my mind  
And you see the silence feel it inside  
And you'll see my hearts is broken too  
'Cause I've seen the real you

So sad we seem  
So far been  
She knows the scene  
And I see your hearts is broken too  
'Cause I've seen the real you  
Seen the real you
