Low Life

Naked Eyes

You said you came
From a train
Your dreams are so wild
You're still a childThey said the streets were paved with gold
But you're the one that's bought and sold
All your friends meet nasty ends you sayGirls are working hard all day
To get a trick or two
Boys are hustling away
As their protections dueThey said the streets were paved with gold
But you're the one that's bought and sold
All your friends meet nasty ends you sayLow life
Low life
Low life
