Refugees

The Tears

You are the dust and
I am the rain
Let's go out in the rust and
Let"s gather the changeLet's take to the streets
You and I we're life's refugees
But like Bonnie andp Clyde we're free
Don't say there's nothing between usYou stain the pavements
I'll take the blame
Our love is our saviour
Our life is our graveLet's take to the streets
You and I we're life's refugees
But like Bonnie and Clyde we're free
Don't say there's nothing between us'Cause we're all refugees
And we're all drifting like leaves
But like Bonnie and Clyde we're free
Don't say there's nothing between usWe'll live for the sunshine
And smile through the rainAnd we're all refugees
And we're all drifting like leaves
But like Bonnie and Clyde we're free
Don't say there's nothing between usSo let's take to the streets
You and I compete with the freaks
And like Bonnie and Clyde we're free
Don't say there's nothing between usWell there's nothing between us
Well there's nothing between us
