

# From My Sleep ... To Someone Else

## Adagio

[Lyrics/Forte - Music/Forte]

[Verse]

Sometimes Morpheus's waiting,  
For my dreams to make me realize,  
How alone I can feel, in my suffers,  
How fragile I am. Who's controlling myself,

My tears are falling,  
I'll never be the same,  
Open my window to real world,  
And let me go...[Chorus]

And by the dawn I'll know,  
If I'll rest in my sorrow.  
To breathe to kiss, I'll need  
To live my life forever.

I am you are me,  
I am my own enemy,  
I'm frightened by my will,  
Can't you hear my appeal ?[Verse II]

Today's a new season,  
Do I have lost, all of my reason?  
The blackened sky's awaits  
The judgement of my lifeless fate. My eyes slowly opening,  
And I just feel like nothing has changed,

I 'll have to accept truth,  
I am condemned to cry[Chorus]  
And by the dawn I know,  
I will rest in my sorrow,  
To burn, to shout, I will  
Not live this life forever,

I am you are me  
I am my own enemy,  
But not for long I'm sure,  
I seek the final shore.
