

# Another Land

[Will Sparks](#)

I don't think you understand  
That this is how we wanna dance  
And if you're in another land  
Just let me take you by your hand

Just let me take you by your hand

I don't think you understand  
That this is how we wanna dance  
And if you're in another land  
Just let me take you by your hand

I don't think you understand  
That this is how we wanna dance  
And if you're in another land  
Just let me take you by your hand

Just let me take you by your hand
