

Relating To A Psychopath

Macy Gray

Hot like hot wings with hot chocolate in hell
Cold like in my isolation cell
In the winter while kissing Mr Freeze
Take the weather man and blow him away
Hey hey
Love is a desert and I need it to rain
You are so good at keeping me company You are relating to a psychopath
Your role model is in therapy
You must be real far gone
You are relating to a psychopath Noah's elephants are leaving the ark in eights
During the upside of my manic depressive state
Crickets sing in three part harmony I try to walk away I choke and I stumble
I'm flying back so listen close when mumble
That you are so good at keeping me company. [Chorus:]
You are relating to a psychopath
Your role model is therapy
You must be real far gone
You are relating to a psychopath It never adds up when you do your math
You are relating to a psychopath
Yes I'm real far gone
You are relating to a psychopath Medication is slow
And it's when it kicks in that why mind chooses to go
My feel better begins
Just when I get attached
It ends
I'm insane
So I remain a psycho
One, two, three, four Cartoon figures dance in my head
I said, love is butter won't you be my bread
And you are so good at keeping me company [Chorus]
