

Mars Attacks (Demo) (Album Version)

Misfits

Their eyes for many centuries
Peered in from space
Sincere the hope, their wise believed
They could teach our race But yet on Mars, a darker side
Like all things that God made
Their tribe of war, would heed them not
"Earth they must invade" The fire in the skies
Them devastate the land
The warlord chief commands The humans fight and die
Our planet laid to waste
Monsters invade the earth from space It was then, in our darkest hour
When everything seemed lost
The hearts of men would not concede
No matter what the cost They forged a sword of sound and steel
Upon the Martian doors
The voice of war would thunder there
And "Mars would be no more" The Martian cities fall
The death of the warrior tribe
Mars attacks, now their planet won't survive Their world turn into ash
The terror on their face
Mars explodes, cast out as rubble into space Whoa-oh, oh, oh
Whoa-oh, oh, oh
Mars Attacks: monsters invade the earth from space Whoa-oh, oh, oh
Whoa-oh, oh, oh
Whoa-oh, oh, oh
