Never Let You Go

Jade Alleyne & Jayden Revri

sittin' on the stairs
you're on your way
got somethin' to tell you
yeah
i just wanna say
what's the fair and farewell
show me the good in goodbye
your heart is set
you're gonna regret
you got that look in your eye
go see what you need to see
i know you're out there missing me
yeah
go do what you need to do
gonna' watch all your dreams come true
and i'll be right here missing you
maybe you leave
