

The Sun Is Shining

Fleetwood Mac

The sun is shining,
But it's raining in my heart.
The sun is shining,
Although it's raining in my heart. I'm in love with my baby
And I hate to see us part. My baby left me this morning
I didn't even say goodbye
My baby left me this morning
No, she didn't even say goodbye. You know I love you baby
And I don't know the reason why
