Hear Me Out

Silverstein

When everyone has left me here
I'll make it on my own
Just wait and seeMaybe if you came back down
You'd see it happening to you
Maybe you'd even careHear me out
I don't think you'll make it out
Hear me out
See the writing on the wallBurn your bridge and wear
Your heart out on your sleeve
You know you won't fool meYou made all these promises
You broke these promises to me
Follow your heart this timeHear me out
I don't think you'll make it out
Hear me out
See the writing on the wallDid you mean all
Those things you said?
SaidEven when you said
You'd never change
Writing you letters
You never read, readWaste my breath on paper
When you reflect do you
Get that feeling like you used to?And every time you run away
I know you still have memoriesNow that you've left
Make me feel like I'm gone
You did all these things I hatedSo, hear me out
I don't think you'll make it out
Hear me out
See the writing on the wall
