

# Mom's Ether Blues

## FemBots

Hey Shut Up  
Listen

My mom's been drinkin' ether  
All night long my mom's been drinkin' ether

My mother  
Let my mother talk to you  
How come every single fuckin' social function I have  
They know if you don't want to be a friend  
They know

That's my mom

My mom's been drinkin' ether  
All night long my mom's been drinkin' ether
