

Welcome To The Pleasedome

Frankie Goes To Hollywood

The world is my oyster..... Ha ha ha ha ha..... The jungle call The animals are winding me up The jungle call
In Xanadu did Kublai Khan Who-ha who-ha who-ha who-ha A pleasedome erect Moving on keep moving on-
yeah Using my power Moving at one million miles an hour You really can afford it-yeah I sent it by the hour
Really can afford it I have it so I'm mocking it Shooting stars never stop Even when they reach the top Shooting
stars never stop Even when they reach the top [Repeat] There goes a supernova What a pushover-yeah There
goes a supernova What a pushover [Repeat] [1]-We're a long way from home Welcome to the Pleasedome On
our way home Going home where lovers roam Long way from home Welcome to the Pleasedome Moving on
Keep moving on I will give you diamonds by the shower Love your body even when it's old And never ever
doing what I'm told Do it just as only I can do it Keep moving on Got to reach the top Don't stop Pay love and
life-oh my On again-yeah Keep moving on Shooting stars never stop Shooting stars never stop Even when they
reach the top Shooting stars never stop There goes a supernova What a pushover [Repeat 1] [Repeat] Who-ha
who-ha Welcome to the Pleasedome WELCOME.....ha ha ha ha ha..... Long way from home WELCOME
