I'm a Mess

Ed Sheeran

Ooh I'm a mess right now
Inside out
Searching for a sweet surrender
But this is not the endI can't work it out
How?
Going through the motions
Going through usAnd though I've known it for the longest time
And all my hope
All my words are all over written on the signs
But you're my road walking me home
Home, home, home, homeSee the flames inside my eyes
It burns so bright I wanna feel your love
Oh oh easy baby maybe I'm a light
Before tonight I wanna fall in love
And put your faith in my stomachI messed up this time
Late last night
Drinking to suppress devotion
With fingers intertwined
I can't shake this feeling now
We're going through the motions
Hoping you'd stopsAnd though I've only caused you pain
You know with all of my words
With were always beloved
Although all the lies spoke
When you're my road walking me home
Home, home, home, homeSee the flames inside my eyes
It burns so bright I wanna feel your love
Oh easy baby maybe I'm a light
Before tonight I wanna fall in love
And put your faith in my stomachAnd for how long I've loved my lover
For how long I've loved my lover
And now, now, for how long, long I've loved my lover
Now, now, for how long, long I've loved my loverNow now, for how long, long I've loved my lover
(And I feel loved)
For how long, long I've loved my lover
Feel it all over now, now
And I feel love
For how long, long I've loved my lover
Feel it all over now, now

And I feel love
For how long, long I've loved my lover
Feel it all over now, now
And I feel love
For how long, long I've loved my lover
Feel it all over now, now
And I feel love
For how long, long I've loved my lover
I feel it all over now, now
And I feel love
For how long, long I've loved my lover, now now
For how long, long I've loved my lover
