

# Holy Ghost

## Flagship

I wanna hear about it  
All the little reasons for what you do  
I wanna know about it  
Cause girl you know I can't take my eyes off of you  
And you can take me there  
Lead me straight down to the ample coast  
And you can take me away  
Cause girl you've been touched by the Holy Ghost  
You can take my heart and take my things  
Give me your hand and go with me  
Depressed in all the great mistakes I'm insane  
Just throw it all away  
Just throw it all away I wanna talk about it  
All the crazy things that we cannot tell  
I want to turn back the time  
I want to live in the story I tell  
And you can take me there  
Lead me straight to the ample coast  
And you can take me away  
Cause girl you've been touched by the Holy Ghost  
You can take my heart and take my things  
Give me your hand and go with me  
Depressed in all the great mistakes I'm insane  
Just throw it all away  
Just throw it all away I long to feel  
I long to feel you here  
I just want to tell you, I just want to tell you now I long to feel  
I long to feel you here  
I just want to tell you, I just want to tell you now  
You can take my heart and take my things  
Give me your hand and go with me  
Depressed in all the great mistakes I'm insane  
Just throw it all away  
Just throw it all away
