Ragman

Deacon Blue

Offered her a roof
The rain had made it shine
Offered her a song
Wasn't really mineI showed her all my things
She offered me belongings
She thought I was a ragmanShe offered me possessions
I tied them in a knot
Wrapped it in a note
Kept it in my pocketI showed her all my things
She offered me belongings
She thought I was a ragman
I came to her too soonShe should have had a ragdoll
And wound up with a ragman
Wing and kites and wedding rings
All these charms I said I'd bringI showed her all my things
She offered me belongings
She thought I was a ragman
Baby you're a rich manLost in a small world
Looking for a ragdoll
Wound up with a ragman
With a ragman
Ragman
