Right Here Waiting

Clay Aiken

Oceans apart day after day And I slowly go insane I hear your voice on the line But it doesn't stop the painIf I see you next to never How can we say foreverWherever you go, whatever you do I will be right here waiting for you Whatever it takes or how my heart breaks I will be right here waiting for youI took for granted all of the times That I thought would last somehow I hear the laughter, I taste the tears But I can't get near you nowOh, can't you see it, baby You got me goin' crazyWherever you go, whatever you do I will be right here waiting for you Whatever it takes or how my heart breaks I will be right here waiting for youI wonder how we can survive This romance

But in the end if I'm with you
I'll take the chanceOh, can't you see it, baby
You got me goin' crazyWherever you go, whatever you do
I will be right here waiting for you
Whatever it takes or how my heart breaks
I will be right here waiting for you
I will be right here waiting for you
I will be right here waiting
