

Ship of Luna

Therion

Over the night sky sail ship of Luna
Taking the spirits into the new dayDance moonbeam
Be my guide
Through the calm
Of the nightLady moon so cold so bright
Sail with your ship
Maid Luna
Steer to the nightWaters of the mind
Flow across the time
And sail the moon
Hera and Hecate, Luna with AradiaSail fantasy
In the dark and the calm
Steer ship of moon
To the land of my dreams
