## Goldfinger

In my life  
Been all the places that I dreamed of since I was a kid  
Bury the past  
I'm getting on with things I never thought I'd get through  
So now I know  
I don't know anything  
Except I notice that you're still here  
I don't want anything  
Well that's a lie because I want you here with me  
I made mistakes  
I've done some things that I just wish I could go back and change  
But now I'm here  
And now I know that I can learn from those things that I've done  
So now I know  
I don't know anything

Except I notice that you're still here  
I don't want anything  
Well that's a lie because I want you here with me  
Don't want it back  
I like who I've become  
I'm right on track  
I'm feeling half as young as I did when I was a kid  
In my life  
Been all the places that I dreamed of since I was a kid  
I don't know anything  
Except I notice that you're still here  
I don't want anything  
Well that's a lie because I want you here with me  
So now I know
