Youth

Goldfinger

In my life

Been all the places that I dreamed of since I was a kid

Bury the past

I'm getting on with things I never thought I'd get through

So now I know

I don't know anything

Except I notice that you're still here

I don't want anything

Well that's a lie because I want you here with me

I made mistakes

I've done some things that I just wish I could go back and change

But now I'm here

And now I know that I can learn from those things that I've done

So now I know

I don't know anything

Except I notice that you're still here
I don't want anything
Well that's a lie because I want you here with me
Don't want it back
I like who I've become
I'm right on track
I'm feeling half as young as I did when I was a kid
In my life
Been all the places that I dreamed of since I was a kid
I don't know anything
Except I notice that you're still here
I don't want anything
Well that's a lie because I want you here with me
So now I know
